OBJECTIVE

Looking for a Flutter Developer position where I can apply my 3+ years of Flutter development experience to build pixel-perfect, robust, and scalable cross-platform applications. Highly skilled in writing clean and documented code, integrating APIs and Firebase services, conducting code reviews, and enthusiastic about learning and adopting modern Flutter/Dart practices.

EXPERIENCE

SDE   March 2025 – Present
Farmako • farmako.ai   *Gurugram, Haryana*

- Built pixel-perfect and responsive UIs from Figma wireframes and integrated them with RESTful APIs and Firebase.

- Optimized the performance and scalability of the apps by implementing advanced Dart features.

- Managed the full app lifecycle from design, development, testing, and deployment to Play Store/App Store.

- Collaborated effectively with the product, design, backend, and QA teams and conducted code reviews.

- Mentored junior developers and helped them to adopt modern Flutter/Dart practices.

- Debugged and fixed complex issues to ensure smooth operations.

Flutter Developer   July 2021 – March 2025
PuStack • pustack.com   *Remote*

- Led and contributed to end-to-end app development for tutors, enabling collaborations between students and tutors.

- Shipped an Instagram Stories–inspired feature using advanced video caching and Flutter best practices.

- Leveraged state management solutions like BLoC, Provider, GetX, and MVVM for building reliable applications.

- Successfully integrated RESTful APIs, Firebase services, and third-party libraries into the apps.

- Contributed to design and development of resilient call billing and payout system.

SKILLS

Flutter: Advanced Flutter/Dart, Bloc, Provider, GetX, MVC, MVVM, Custom Widgets, Animations, REST/JSON, Firebase (Auth, Firestore, Crashlytics, Push, Analytics)
Mobile: Native Android/iOS, Responsive UIs, Adaptive UI Design, A/B Testing and Analytics
Source Control: Git, Build/Versioning, GitHub Actions (CI/CD, Agile/Startup Processes)
Soft Skills: Excellent Problem-solving, Communication, Collaborative Team Player, Proactive, Detail-oriented UI/UX mindset

PROJECTS

MyMoney • majesticui.com

- Led the end-to-end development and deployment of this expense tracking app on Play Store and App Store.

- Achieved modular and scalable architecture by utilizing MVVM with Bloc for state management.

- Integrated RESTful APIs, Firebase services, and third-party libraries into the app.

- Conducted unit, widget, and automated testing to ensure robust functionalities.

  Majestic UI • Passion Project • majesticui.com

- Demonstrated advanced state management (Bloc, Riverpod, Provider) and TDD practices.

- Integrated RESTful APIs, Firebase services, and third-party libraries into the platform.

- Received 12,000+ YouTube views within a week of release.

EDUCATION

Bachelors of Engineering • RGPV University • Bhopal, MP • 2021 • GPA: 4.25/5.0
